

Day 5 : Roseau and Wotten Wooden Wednesday, 1st of april

First, the breakfast. We had some toast, baked beans, scrambled eggs, corned beef, cabbage salad with plantain.

The weather was rainy. We left the lodge at 9:50 pm and arrived at 10:35 pm. We first were at the botanical park. We visited the point of view. We had to go up to see all the city of Roseau.

Then we had a free time. At the old market, we were able to do some shopping. They had bars of soap from the « coal pot », and a lot of objects with the flag of Dominica.

After, we went to the village of Wotton Wooden for the hot bath. We ate directly on the site, before going to enjoy the hot water. The name of the place is « Ti kwen glo cho », from creole « Little place with hot water ». Before returning to the lodge, we made a little stop to go to the supermarket.

So, that was the day !
